The biodiesel companies on this map are actively producing biodiesel.

* Denotes BQ-9000 Accredited Producers

Total annual production capacity, including the plants that chose not to list their production capacity is 582.0 million gallons. It is important to note that production capacity differs from the actual number of gallons sold. A graph illustrating biodiesel production can be found at http://www.nbb.org/pdf_files/fuelfactsheets/Production_Graph_Slide.pdf
